

Scientific scopes

The symposium is devoted to all topics of fluorine chemistry, addressing significant developments in Organic, Inorganic, Polymer, Biochemistry, Medicine and Material Sciences. Researchers from all over the world are welcome to attend this symposium and to present their results during oral or poster sessions. One of the objectives of this conference is to bring together academic and industry researchers.

A Welcome party will be held on Sunday July 21st evening after registration. The scientific sessions of the symposium will start on Monday July 22nd by two plenary lectures given by **S.L. Buchwald (MIT, Cambridge, USA)** and **R Hagiwara (Kyoto University, Japan)**. Afterwards, the sessions will be divided into three streams devoted to Organics and Biochemistry / Inorganics and Material Sciences / Physical Chemical aspects of Fluoro-compounds... The symposium will also cover the industrial aspects and the importance of fluorinated products in daily life. The sessions will be introduced by invited lectures.

Two special sessions must be highlighted:

- The first one, devoted to Henri Moissan, will be held at "Maison de la Chimie" (<http://www.maisondelachimie.com/>). The four last laureates of the Henri Moissan Prize will be invited to give a lecture and Bernard Bigot, President of the Foundation of "Maison de la Chimie" will introduce the laureate of the 2012 Prize;
- the second one, focused on "**Fluorinated Materials for Energy conversion (FMCE II)**", will take place within the scientific sessions and will allow mixing all branches of Fluorine Chemistry involved in such topics. It will be co-sponsored by CNRS and the Amer. Electrochem. Society (ECS).

Registration

Registration is opened since July 2012. An early registration price will be proposed until April 30th, 2013. After that date and until June 15th 2013 a supplement will be charged.

- Registration on site will be possible with credit card and will start on July 21st, 2013 with 30% supplementary charge.
- Cancellation after June 30th 2013 will not be refunded.
- This pre-registration form should be filled and sent before March, 31th 2013 to the conference secretariat:

Congrès Scientifiques Services

Chantal Iannarelli

2 rue des Villarmains - 92210 Saint-Cloud

☎ : +33 (0) 1 47 71 90 05 - ☎ : +33 (0) 1 47 71 90 04

- Correspondence by e-mail is preferred.

Fees

Early bird registration fees [(VAT included) until 04/30/13]:

- Academic Participants
 - Fees including banquet 580 €
 - Fees without banquet 500 €
- Industry participants (without banquet) 600 €
- Students (Banquet included) 370 €
- Accompanying person, including banquet 270 €
- without banquet 200 €
- Banquet 120 €

For scientific participants, fees include welcome and farewell parties, admission to scientific sessions, an USB key containing the abstracts (hard copy of conference Proceedings available at 70 €), coffee breaks, all lunches (4), Poster cheese party, invitation to cocktail at City Hall.

A cruise on Seine river is tentatively planned.

For accompanying persons, fees include welcome and farewell parties, invitation at City Hall.

A social program with varied visits and activities will be also proposed.

Accompanying persons must be a family member of a registered participant. Author or co-authors cannot be registered as an accompanying person.

Participation to a technical exhibition will be proposed to the interested companies.

Pre-Registration

17th ESFC - Paris 2013
Paris, July 21-25, 2013

(<http://www.17-esfc-paris2013.fr>)

Family name

First name

Title: Prof. Dr. Mr. Ms.

Invited lectures

The following scientists have already accepted to give a lecture at 17th ESFC:

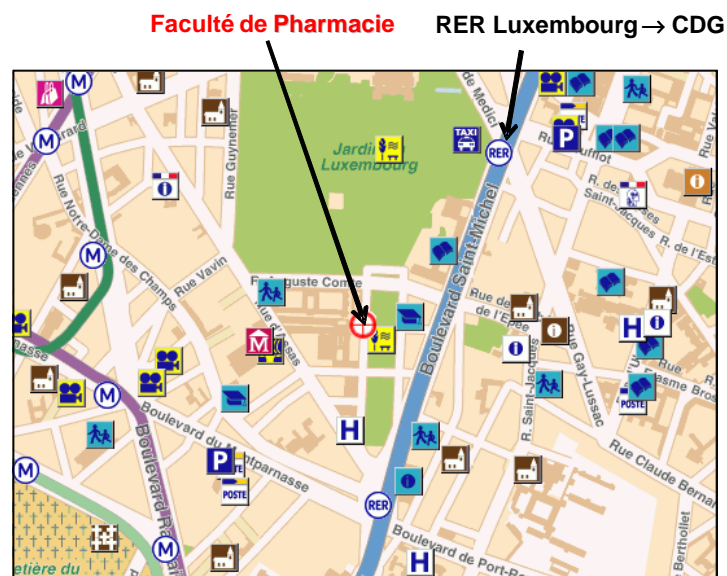

- Khalil AMINE (USA)
- Evgueni V. ANTIPOV (Russia)
- Philippe BONNET (Arkema, France)
- Olga BOLTALINA (USA)
- Rudy DAMS (3M, Belgium)
- Carlos DEL POZO (Spain)
- M. FICHTNER (Karlsruhe Inst. Tech., Germany)
- Rudy KONINGS (Netherland)
- Valery KUKHAR (Ukraine)
- Young Seak LEE (South Korea)
- Christophe LEGEIN (France)
- André LUXEN (Belgium)
- Pierangelo METRANGOLO (Italy)
- Michel MORTIER (France)
- Cormac D. MURPHY (Ireland)
- Mario NAPPA (DuPont, USA)
- Sergey PAZENOK (Bayer, Germ.)
- Kenneth POEPELMEIER (USA)
- Gary SCHROBILGEN (Canada)
- Atsushi TAKAHARA (Japan)
- Jean-Marie TARASCON (France)
- Sébastien THIBAudeau (France)
- Joseph THRASHER (USA)
- Antonio TOGNI (Switzerland)
- Melita TRAMSEK (Slovenia)
- Jichang XIAO (China)
- Yurii YAGUPOLSKI (Ukraine)
- Takashi YAMAZAKI (Japan)

Organizers

- H. Groult - Chairman (henri.groult@upmc.fr)
- B. Améduri - Co-chairman (bruno.ameduri@enscm.fr)
- A. Tressaud - Honorary Chairman (tressaud@icmcb-bordeaux.cnrs.fr)
- C. Iannarelli Conf. Secretariat (c2small@yahoo.fr)

Dates & Venue

The 17th European Symposium on Fluorine Chemistry will be held on July, 21-25, 2013 at *Faculté de Pharmacie* (Université Paris Descartes), in the real center of Paris "Quartier Latin" (6th district), near the Luxembourg Gardens. This is the historical place where Henri Moissan isolated fluorine in 1886.

Access:

- Subway stations: RER B Luxembourg or Port-Royal (direct from Roissy Charles de Gaulle airport) / lines 4 (Vavin) & 12 (Notre Dame des Champs).
- Bus: 38, 82, 83

General information

The official language during the conference is English. The symposium will be supported by the French Network on Fluorine - "GIS-Fluor CNRS" (<http://www.reseau-fluor.fr>) and other sponsors.

First circular

17th ESFC - Paris 2013
Paris, July 21-25, 2013
(<http://www.17-esfc-paris2013.fr>)
