

Conference Site

The symposium will be held within the Science Campus of the University of Nice - Sophia Antipolis.

Located in the heart of one of the world's most highly prized regions at the gateway to major European cities, Nice offers its rich history, wonderfully mild sunny climate and geographic location between the sea and the mountains...

9th French-Japanese Seminar on Fluorine

Nice, France

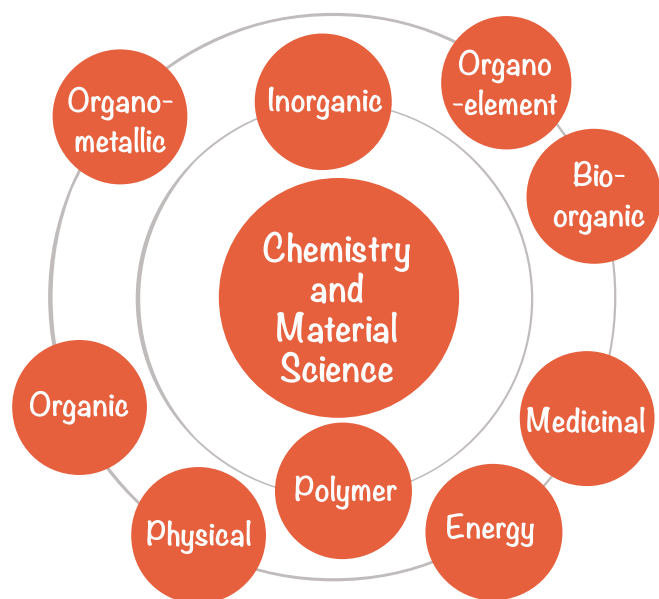

August 30 - September 1, 2015

1st Circular

Aim and scope

The symposium is devoted to all topics of fluorine chemistry, addressing significant developments in Organic, Inorganic, Polymer, Bio-chemistry, Medicine and Material Sciences.

The aim of this seminar is to promote direct exchange between Japanese and French scientists from both university and industry. The research will be presented at oral and poster sessions.

For further information see:
<http://sites.unice.fr/interface/>

Scientific committee

T. Taguchi (Sagami Research Institute, Japan)
R. Hagiwara (Kyoto Univ., Japan)
T. Nakajima (AIT, Toyota, Japan)
H. Groult (CNRS, PHENIX, UPMC, Paris, France)
A. Tressaud (ICMCB-CNRS, Univ. Bordeaux, France)
F. Guittard (Univ. Nice, France)

Registration

Registration is open until July 15 and it is made online at <http://sites.unice.fr/interface/>.

Abstract submission

The deadline for abstract submission is May 15. The abstract template is available on the conference website. Note that it should not exceed 2 pages. The submission is made online during the registration procedure.

Fees

The contribution for the two lunches, the attendance to all sessions with coffee breaks during the seminar, the welcome cocktail (August 30) and the banquet (August 31) will be 200 euros max. The exact contribution will be notified in due time, depending on the sponsoring of this seminar.

Social program

Sunday, August 30

A welcome cocktail will take place in the evening

Monday, August 31

A visit and banquet will be organized in the surroundings of Nice

Website

All information including registration, accommodations, scientific schedule and social events will be posted at the web address:

<http://sites.unice.fr/interface/>

General information

The official language during the conference is English. The symposium will be supported by the French Network on Fluorine – “GIS-Fluor CNRS” (<http://www.reseau-fluor.fr>) and other sponsors.
