## Fluoropolymers:

research, production problems,  
new applications 2019

Conference

October 14-17, 2019

Kirov, Kirovo-Chepetsk, Kirov region, Russia

2nd Information Note

Dear colleagues

The Vyatka State University invites you to take part in **Fluoropolymers: research, production problems, new applications** conference, which is to be held on October 14-17, 2019.

You are welcome to send Abstracts of your articles starting with April 22, 2019.

We are happy to share great news with you: we have an agreement with **Elsevier** publishing house, that the most interesting articles in their expanded form will be included into the next monograph of the **Progress in fluorine science** series. For information on previous releases of this series, please visit the publisher's website ( <https://www.elsevier.com/books/book-series/progress-in-fluorine-science> ). Articles will be indexed by leading abstract and citation databases (**Scopus, Science Direct**, etc.).

**The Conference will be held on October 14-17, 2019 in the city of Kirov, Kirov region, Russia.**

The conference is planned as a place for discussion of pressing scientific and practical issues in synthesizing innovative fluoropolymer materials for modern energy, aircraft, rocket, mechanical engineering, chemical, and petrochemical industries. A wide range of fundamental and applied issues is meant to be spotlighted at the conference. The issues will cover synthesis of fluoropolymers, modeling of new materials processing, manufacture of innovative products. Special attention will be paid to the practical application of such materials, and to the difficulties that arise.

We plan lectures by the world's leading researchers and experts on fluoropolymers:

Bruno Ameduri (France);  
Sina Ebnesajjad (USA);  
Hideo Sawada (Japan)  
Georgi Kostov (Bulgaria).

More than 100 participants from 13 countries have already registered for the conference. The conference is an ideal opportunity to present your work, to meet and talk to colleague researchers from around the world, to start new research and development projects in the field of fluoropolymers.

Please e-mail your Abstracts for poster and oral presentations at [fluor@vyatsu.ru](mailto:fluor@vyatsu.ru) at your earliest convenience, but not later than June 23, 2019.

Registration at (\_\_\_\_\_).

**Important dates:**

Abstract submission start	April 22, 2019
Abstract submission deadline	June 16, 2019
Abstract acceptance notification deadline	July 07, 2019
Early registration deadline	August 11, 2019
Registration deadline	September 08, 2019
Conference agenda publication	September 30, 2019
Conference	October 14-17, 2019

Abstract formatting requirements can be seen at (\_\_\_\_\_).

An Abstract should be 3-5 pages long.

The required length of an article for publication in the *Progress in fluorine science* series (by *Elsevier*) is 12-25 pages.

Authors are to submit abstracts and articles in English.

**Conference fee and rates:**

Category	Early registration rate (by August 11)	Regular Registration rate (by September 08)	Late registration rate (starting September 09)
Participant/Presenter	200 USD 13 000 RUR	250 USD 16 000 RUR	300 USD 19 000 RUR
Students, postgraduate students	100 USD 6 500 RUR	130 USD 8 300 RUR	150 USD 9 500 RUR
Attendee (no presentation)	130 USD 8 300 RUR	150 USD 9 500 RUR	200 USD 13 000 RUR
Banquet (extra charge)		50 USD 3 500 RUR	

**If you have any questions or comments, please contact the Organizing Board.**

**36 Moskovskaya str., Kirov (Kirov region), 610000, Russia**
